Professional Summary

Java Backend Developer with 3 years of professional experience at Nagarro, developing BFSI backend applications using Java, Spring Boot, microservices, and REST APIs. Hands-on experience with third-party API integrations, Spring Security, JWT/OAuth 2.0, multithreading, SQL, unit testing, API documentation, and CI/CD. Open to Java Backend Developer, Spring Boot Developer, and Java Full Stack opportunities across Delhi NCR.

Technical Skills

Languages and Core Java: Java 8+, SQL, OOP, Collections, Exception Handling, Multithreading, Executors, CompletableFuture
Backend Development: Spring Boot, REST APIs, Microservices, JPA/Hibernate, Spring Security, JWT, OAuth 2.0
Databases: PostgreSQL, MySQL, MongoDB, SQL Query Optimization
API and Testing: Swagger/OpenAPI, Postman, JUnit, Mockito, TestNG, SonarQube
DevOps and Tools: Git, Maven, Jenkins, Docker, Jira, IntelliJ IDEA, VS Code
Working Knowledge: Apache Kafka, Kubernetes, Angular

Professional Experience

Nagarro — Engineer Aug 2022 – Jun 2025
Gurgaon, Haryana

- Developed and optimized backend microservices for BFSI applications using Java, Spring Boot, and REST APIs.
- Integrated PAN, Aadhaar, Equifax, and AML APIs into customer-verification workflows.
- Implemented Spring Security, JWT, and OAuth 2.0 to secure backend APIs and support authorization requirements.
- Developed multithreaded disbursement modules using Executors and CompletableFuture for payout and loan-disbursement workflows.
- Wrote and optimized SQL queries for PostgreSQL and MySQL-backed application modules.
- Created and maintained API documentation using Swagger/OpenAPI; used Postman for API testing and validation.
- Wrote unit tests using JUnit and Mockito, participated in code reviews, and contributed to code-quality checks using SonarQube.
- Implemented and supported CI/CD pipelines using Jenkins, Docker, and Git; participated in releases, production issue resolution, Agile ceremonies, Jira tracking, and client discussions.

Entrepreneurial Experience

Founder — E-Commerce and Cloud-Kitchen Business Aug 2025 – Aug 2026
Greater Noida, Uttar Pradesh

- Founded and led end-to-end operations for an e-commerce and cloud-kitchen business.
- Directed daily business execution, operational planning, team coordination, task allocation, and issue resolution.
- Managed vendor and supplier coordination, procurement, inventory, order fulfilment, and customer support.
- Oversaw online order operations through food-delivery platforms and maintained service quality across daily operations.
- Maintained sales, revenue, cost, and operational tracking using Excel and Google Sheets.
- Handled business registrations and compliance-related operational activities.

Education

Future Institute of Engineering and Management Aug 2018 – Jun 2022
B.Tech, Computer Science and Engineering — GPA: 8.73 *Kolkata, West Bengal*

Achievements

- Capgemini Tech Challenge 2021 finalist for Java, data structures, and algorithms.
- Won 1st prize at Xplorica Tech Fest 2022 for developing a gesture-controlled bot using Arduino and Python.
